Augusto Bereta – Spanish Modernism and Cultural Synthesis Processes of Planning and Architecture

By Augusto Bereta

I. What Igriega Argues Later

A whole history in a cultural model added to the economic and international finance model.

II. I just argue it out differently

I mean do argue that out differently, I mean more like what Hegel calls Schubert modernism only.

III. In Formalist Stylistics if Possible after Lenin

I mean be a bit stylish and argue it out that way.
